This impact is de minimis, which is not subject to concurrency review.

The goal of the Future Land Use Element of the Comprehensive Plan (Goal 1A) is to establish a defined pattern of land use guiding the provisions of public facilities and providing predictability in managing development. This request fits within the general intent of this Element.

The goal of the Utilities Element, Sanitary Sewer Sub-Element (Goal 4A) is to provide adequate sewage capacity and collection facilities to accommodate anticipated population demand.

The goal of the Utilities Element, Solid Waste Sub-Element (Goal 4B) is to ensure that adequate and efficient solid waste collection is available for the City.

The site will be compatible and will not cause a nuisance.

Pursuant to Section 102-82(e):

The Planning Board shall not recommend approval of a plan amendment unless it makes a positive finding, based on competent evidence, on each of the following:

- (1) The proposed plan amendment will not degrade level of service standards established in the comprehensive plan, or minimum concurrency requirements;
- (2) The proposed plan amendment is in harmony with the general intent of the comprehensive plan;
- (3) The proposed plan amendment will not exceed traffic limitations, cause a fire hazard, or create a hazard to the public health, welfare and safety;

The request meets all requirements of the Comprehensive Plan and the Land Development Regulations.
