Any discrepancies, errors, or ambiguities in the RFQ or addenda (if any) should be reported in writing. If applicable, the City will issue a written addendum to the RFQ clarifying such conflicts or ambiguities. It is agreed that any such alleged discrepancies, errors, or omissions will not be construed against the drafting party.

1.14 DISQUALIFICATION

This RFQ requires the use and submission of specific City forms. In addition, the RFQ requires the submission of additional documents and information. Failure to use the City forms may result in the Qualification being deemed non-responsive, and the Qualification may not be further considered for award. Modification of, retyping, or any alterations to, the City forms may also result in the Qualification being deemed non-responsive.

The City reserves the right to disqualify Proposers upon evidence of collusion with intent to defraud or other illegal practices on the part of the Proposer. The City also reserves the right to waive any immaterial defect or informality in any Qualification, to reject any or all Qualifications in whole or in part, or to reissue this RFQ.

Any Proposer who submits in its Qualification any information that is determined by the City, in its sole opinion, to be substantially inaccurate, misleading, exaggerated, or incorrect, may be disqualified from consideration for award of the Agreement.

Any Qualification submitted by a Proposer who is in arrears (e.g., monies owed, outstanding judgments, code violations, fines, liens, penalties or other fees due to the City), or otherwise in debt or in breach of contract to the City (City in this context includes any agency, instrumentality, or department of the City), or where the City has an open or liquidated damages claim against a Proposer for monies owed to the City at the time of Qualification submission, or if a Proposer has been declared in default or abandoned a prior City Contract, or has been debarred by a federal, State of Florida, or local public entity within the past five years, or is on the convicted vendor list per Section 287.133 of the Florida Statutes, may be rejected as non-responsive/non-responsible and may not be considered as eligible for award.

Prior to award of the Agreement, the above requirements must be met, and is a condition that must be maintained during the term of the Agreement.

1.15 PROPOSER'S EXPENDITURES

Proposers understand and agree that any expenditure incurred in preparation and submittal of Qualifications, or in the performance of any services requested by the City in connection with the Qualifications for this RFQ, are exclusively at the expense of the Proposers. The City shall not pay or reimburse any expenditure, or any other expense incurred by any Proposer in preparation of a Qualification, and/or anticipation of Agreement award, and/or to maintain the approved status of the Successful Proposer if an Agreement is awarded, and/or administrative or judicial proceedings resulting from the solicitation process. The Proposer agrees to these terms by submission of a Qualification.

1.16 EXECUTION OF QUALIFICATION

The Qualification must be manually and duly signed in legible ink by an authorized corporate officer, principal, or partner (as applicable) with an original signature in full. When a firm is the Proposer, the Qualification shall be signed in the name of the firm by one or more of the partners by legible ink with an original signature in full. When a corporation is the Proposer, the officer signing shall set out the corporate name in full, beneath which he shall sign his/her name, give title of his/her office, and affix the corporate seal. Anyone signing the Qualification as an agent, must file with it adequate legal evidence of signature authority to act on behalf of and bind the Proposer; otherwise the Qualification may be rejected as non-responsive. Proposers who are corporations shall furnish their Qualification to the City with a copy of their authorization to transact business in the State of Florida. Failure to submit promptly this evidence of qualification to do business in the State of Florida may be a basis for rejection of the Qualification.

Proposer understands that submitting a Qualification to this RFQ does not constitute an Agreement or Contract between the City and the Proposer. Proposer has no contract right or expectation by submitting to the City a response to this RFQ.

1.17 INSPECTION OF SITE (IF APPLICABLE)

Proposers should carefully examine the site location before submission of a Qualification and make all necessary investigations to inform themselves thoroughly as to all difficulties involved in the completion of all services required pursuant to the mandates and requirements of this RFQ and the Agreement. No plea of ignorance of conditions or difficulties that may hereafter exist, or of conditions or difficulties that may be encountered in the execution of the services pursuant to the Qualification as a result of failure to make the necessary examinations and investigations, will be accepted as an excuse for a failure or omission on the part of the Successful Proposer to fulfill, in every detail, all of the requirements, as defined in the Agreement, nor will they be accepted as a basis for any claims whatsoever for extra compensation or for an extension of time.
